

# AIRCRAFT SPV MANAGEMENT SERVICES

---

## THE AVIATION INDUSTRY

More than 50 million people are employed in the aviation industry globally. Ireland helped to pioneer the global aviation finance industry, with the setting up of Guinness Peat Aviation more than 40 years ago. There are now more than 20,000 commercial aircraft in service today and, of these, roughly 8,000 aircraft are leased, with the remainder being owned directly or indirectly by the airlines themselves. Nine of the top ten aircraft leasing companies have offices in Ireland and an estimated 50% of the global fleet of leased aircraft is managed from Ireland. The benefits of structuring aircraft transactions in Ireland include:

## WHY IRELAND?

- Straight-line 8-year depreciation
- Access to more than 70 double taxation treaties
- Zero withholding tax on lease rentals
- Zero VAT on international aviation leasing
- Zero Stamp Duty on transfer of aircraft or aircraft parts
- Availability of Section 110 regime for aircraft securitisations, as well as for holding aircraft/ aircraft receivables
- Contracting party to the Cape Town Convention and Protocol (including Alternative A).

## AIRCRAFT SPV MANAGEMENT SERVICES
